New Varieties from Japan

Last Spring we were fortunate in obtaining 23 Japanese varieties from an old friend, a member of the National Dahlia Society of Japan. They all grew and were a source of much interest to visitors in our garden. On one, Shinsekai, we counted 62 blooms when the frost took them in October.

Shinsekai—FD Brick red; pointed petals, yellow tip.

Hokyo—FD Deep blood red and white.

Adoriko—ID Bright red.

Tenshin—FD White, free blooming.

Hinode—FD Red; heavily suffused and tipped yellow.

Yakushin—FD Bright red, dark foliage. Good keeper.

Kyako—FD Yellow and white.

Ezotsubaki—FD Vivid red; camellia

Tsuyu—ID Purplish red and white; long shaggy petals.

Hanagesa—FD Geranium red, white tip.

Tomochidori—FD Beautiful blend of white and violet.

Kyobigin—FD Red and white.

Kinsui—A IncC Bright yellow.

Taiheiyo—A ID Redish purple.

Shirokane—B SC Tall, pure white.

Tosui—A ID Attractive clear lavender.

Shanikusai (Carnival)—ID Yellow and red.

Ubadama—A ID Autumn.

Kinpow—B FD Yellow, broad leaf.

Guiban—B ID White, purple suffusion.

Satano Musume—B ID Dark scarlet.

Tenguyama—A ID Tall, vermilion red. Attractive.

Soranohito—B IC Yellow, tipped red.

Roots of these and other Japanese varieties may be ordered at our garden in Fall of 1955.

Miniatures

DEAR FELLOW DAHLIA FAN:

Herewith is our Catalog for 1955. The past year was a good growing one and we were able to harvest and safely store a crop of healthy roots.

Among varieties especially good in Miniatures were: Decoy, Edinburg, Brilliant, Bowland, Alex Hastie, Diamant, Ike, Canary and Old Gold. Some larger ones that attracted special attention were: Andries Wonder, Barbara Marshall, Nearest Blue, Emil Dokoupil Autumn Blaze, General Eisenhower, Arc de Triomphe, Gay Salute, Tornado, Tippler, Desiree Drapes, Renaissance, Miss Rose Fletcher, Casper Ludwig's Memory and Osvdeim.

The most-used cut flowers were: Queen City, Michigan White, Gerrie Hoek, Ambassadeur van Kleffens, Kirsten Flagstad, Diamant, General Eisenhower, Decoy, Ike, Anna Maria, Canary, Old Gold, Pink Lady (C) and White Fawn.

The Poms were good, used for corsages and small arrangements.

Princess Royal (Schoenlau) together with Prairie Fire and Great Lakes (both by Marsh) were a credit to their originators. We hope to have some to spare next year.

The Japanese varieties (see page 2) attracted much attention. You will see more of them next fall.

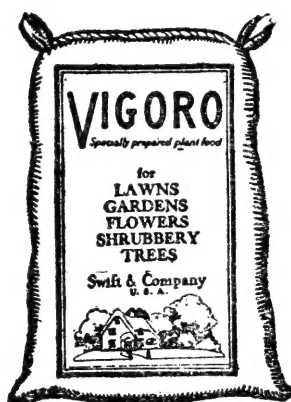

Sincerely,

Janesville, Wis., January 3, 1955
